

ST. ANNE'S DEGREE COLLEGE, VIRAJPET LEGAL PROVISION FOR WOMEN PROTECTION

On 26/2/2019, Women Empowerment Cell jointly with Women Anti-Harassment cell organized a session On Legal provision for women protection and the session was presided by Smt. Annupamma, Advocate.

Women are taken for granted, their freedom and their rights deemed less important than others. We thus

require awareness, a revolution to change this scenario.

She beautifully illustrated that if anyone does wrong to you, irrespective of that person's position one should have the courage and implement the law in order to obtain justice. The better way to bring the change is by empowering women themselves, educating them on their rights and legal provisions available for their protection.

The session was enriched by the support and presence of Girl students of the college. At the end of the session students were legally empowered, filled with faith and hope.
