**Event:** Talk on Accounting Software Tally

**Number of Participants:** 42

**Organizer:** Department of Business Administration.

The Department of Business Administration organized a guest talk on “Accounting Software – Tally” for first-year BBA students on 14th December 2023. The session was led by Miss Rakshitha, Assistant Professor from the Department of Computer Application, who delivered an insightful presentation covering various aspects of accounting software. She highlighted the key features of the latest version of Tally and emphasized its practical applications in the business world.

A total of 42 students attended the session and benefited from the valuable insights shared. The interactive nature of the session allowed students to deepen their understanding of accounting software and recognize its importance in modern business practices.
